

## AFTER ELECTION, PRAY, WHAT THEN?

Lively Times Ahead When  
the Votes Are Counted.

### QUESTIONS TO BE SETTLED

President and Cabinet Will Be Busy  
With a Great Variety of Trou-  
blesome Problems.

After election, then what? A glance into the future is interesting at this time when President Roosevelt's critics are denouncing the Administration for its failure to act on many important questions.

These same critics do not consider what a good time they will have when the excitement of the election cools down and President Roosevelt and his Cabinet are again able to devote all their time to disposing of the great accumulation of business.

#### Some Questions to Settle.

Here is a partial list of the important questions which will demand the immediate attention of the President:

Who shall be Postmaster General? Who shall be postmaster at New York? Shall there be an extra session of Congress for tariff revision? Who is to succeed the late Colonel Brigham as Assistant Secretary of Agriculture? What action is to be taken on the beef trust report? What is to be done with Judge Day's report on corruption among Alaskan officials? Who is to succeed Judge J. F. Cooper as a member of the Philippine supreme court?

#### Minister to China.

Shall W. W. Rockhill succeed Mr. Conger as United States minister to China?

In case of Mr. Rockhill's appointment to the Chinese mission, who is to be his successor as chief of the Bureau of American Republics? Shall Herbert W. Bowen, the United States minister to Venezuela, be named as ambassador to Mexico to succeed Gen. Powell Clayton?

Is John Goodnow to continue as consul general at Shanghai in the face of the great opposition to him? What action will be taken to protect the rights of American citizens whose asphalt property in Venezuela has been practically confiscated by President Castro? Shall the United States take any action to establish peace in Haiti and Santo Domingo, the warring republics in the West Indies?

#### The Congo Matter.

Shall the United States interfere in any manner in the administration of affairs in the Congo Free State by King Leopold?

What shall the United States say about the encroachment of Great Britain upon Tibet? What is to be done about Canadian reciprocity? How is the Chinese exclusion treaty to be altered so it will extend greater privileges to the educated Chinese without offending the Pacific Coast?

Who will be the next Public Printer? Shall John J. Smith, the member of the army hospital corps who married a negro, be retained in the service?

#### Negroes in Artillery Corps.

Are negroes to be enlisted for service in the artillery corps in accordance with the recommendation of Gen. Thomas H. Barry?

Who shall be the fifteen civilians named to second lieutenancies in the army? Is Col. W. L. Picher to be reprimanded for hitting Miss Harlow?

Shall the Government establish a separate telephone exchange for the departments in Washington? Who is to be chief of the Bureau of Manufactures, Department of Commerce and Labor?

Is the pay of navy yard employees to be increased? Shall Whitehall Reid be named ambassador to Great Britain to succeed Mr. Choate?

Is United States District Attorney Childers, of New Mexico, to be removed? Question of Bridges.

Must the Union Bridge at Pittsburgh be raised? Is the Merchants' Bridge of St. Louis operated in violation of the terms of the franchise for the bridge granted by the Government?

Where is the naval training station to be located on the Great Lakes? Of what type are the new warships to be?

What other statutes are to stand beside Frederick's Great at the new Army War College?

How are naval officers to be obtained for the new ships which are about to go into commission?

Who shall be named to fill the two vacancies in the list of army chaplains? Shall the present system of government in the Panama Canal zone be continued?

### DEMOCRATS BUSY WITH THEIR MEETINGS

Election returns will be received over special wires at the local Democratic headquarters, 24 Pennsylvania Avenue, on the night of November 8.

### CUT OFF HIS OWN ARM WITH ORDINARY KNIFE

HANOVER, Pa., Oct. 28.—While he was feeding a corn husker, the arm of John P. Maus, a prominent Silver Run Valley farmer, was drawn into the machine and mangled.

Maus seized a large knife and severed the mangled arm three inches from the shoulder.

## Diplomatic Plum For President's Secretary

Loeb May Get Post Abroad When Roosevelt Begins New Term in White House.  
Applicants to Succeed Him.

In the event of President Roosevelt's election Secretary William Loeb will probably be given an important diplomatic post.

This will necessitate the appointment of a new Secretary to the President. Already several names have been mentioned as among those likely to fill the vacancy.

It is not definitely settled that Secretary Loeb will be given another office, but it is known that the matter has been under consideration.

#### Easy to Find a Job.

In view of the fact that after the election several important consular and diplomatic posts will be left open, no

difficulty is anticipated in finding a position for Mr. Loeb which the President would regard commensurate with the excellent service rendered him by his secretary.

Mr. Loeb began his official career with Mr. Roosevelt when the latter was governor of New York. When Chairman Cortelyou was given a Cabinet position Mr. Loeb succeeded him.

**Coolidge May Get It.**  
L. A. Coolidge, who has done important work for Secretary Cortelyou at the Republican headquarters in New York, is mentioned among those likely to succeed Mr. Loeb. He is a Washington newspaper man, and is said to enjoy the esteem of the President.

## APPROPRIATIONS EXHAUSTED FOR PARK IMPROVEMENTS

Park improvements throughout the District are at a standstill. Appropriations made at last session are almost entirely gone with the exception of a fund laid aside for keeping the parks in good order.

Colonel Bromwell, Superintendent of Public Buildings and Grounds, is anxious to complete many roads in Potomac Park, but can do nothing until next year. Much of the last appropriation has gone to the building of roads. Next year the roads will be extended into parts of the park hitherto unopened.

## LAW DOES NOT APPLY TO GEISHA GIRLS

The genuine geisha girls of Japan, who are in custody of the Federal authorities at St. Louis on a technical charge of violating the contract labor law, but who are really in rebellion against the agents of the Mikado, at the exposition, and will not return to the Land of the Cherry Blossom, may have their wish and stay in the domains of Uncle Sam.

The Japanese officers who are the complainants assert that the girls have broken the law. The girls say they haven't and won't.

It was said today that the contract charge will not stand. The law does not apply to artists, actors, and the like. Commissioner General Sargent will decide the case when he returns.

## FRAUD ORDER AGAINST CHEAP WHISKY MAKER

Had Recipes For Making "Red-eye"  
For Twenty-five Cents the  
Gallon.

Sellers of ingredients for the manufacture of whisky at 25 cents a gallon find no sympathizers in the Postoffice Department.

A fraud order has been issued against John F. Watts, of Braine, Miss. Watts is charged with having advertised for sale on the net for the making of "fine old" whisky, "as good as the kind which sells for from \$4 to \$10 a gallon," at the rate of about 25 cents a gallon.

All this could be done in the home without a still. The taste, appearance, and after effect were guaranteed to be up to the high standard set by the real article. Beer and wine could be made by the same process, the recipe costing a little extra. Enough ingredients to make five gallons were offered free.

The original advertisement Watts inserted in various newspapers in Mississippi, Arkansas, and Indian Territory. They announced in large type that whisky could be made dirt cheap, without the use of a still. Address "Watts," Braine, Miss.

Testimony from a number of "comers" showed that they had invested their dollars. Some claimed that they received nothing, others that they got the recipes in good shape, but that the drugs and chemicals for the making of the five gallons were not forthcoming.

One man remarked that he threatened to turn the matter over to the postal authorities if he did not get his dollar back. His answer was a reference to a big mail order catalogue for whisky through which he could make \$200 per month.

Watts, who worked under half a dozen firms, such as Watts & Co., Watts & Watts, etc., duped hundreds throughout Mississippi, Arkansas, and Indian Territory. At present he is in jail at Braine upon another charge.

## ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kid-  
ney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-  
Root, Will Do for YOU, Every Reader of The  
Times May Have a Sample Bottle Sent  
Absolutely Free By Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I cheerfully recommend and endorse the Great Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bad liver. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and liver trouble, from which I suffered terribly.

Most gratefully yours,  
A. R. REYNOLDS, Chief of Police,  
Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless, and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, constipation, muscular, make your head ache and back ache, cause indigestion, stomach and liver trouble, you get a sallow, yellow complexion, make you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you are taking Nature, for Swamp-Root is the most perfect healer and goes straight to the kidneys that is known to medical science.

**How to Find Out.**  
If there is any doubt in your mind as to year condition, take from your urine on rising about four ounces, place it in a glass bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver, and bladder troubles.

**EDITORIAL NOTE.**—So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver, or bladder trouble, that it has become a household name. Its wonderful merits may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters from men and women who have been cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in The Washington Daily Times. The proprietors of this paper guarantee the genuineness of this offer.

At the conclusion of his address, he complimented the several committees whose efforts have resulted in large additions to the classes.

After refreshments had been served and the cigars lighted, a literary and musical program was given. A song and dance were performed by Master Irwin Casgrove, who was followed by C. C. Jones, who puzzled the audience with feats of magic. Joseph Cullen played a piano solo, and operatic selections were sung by S. P. and W. H. Harris, Dr. E. Clyde Shade and F. R. Dooley.
